APQO-IC 2026

Call for Paper

The Asia Pacific Quality Organization (APQO) was officially established on October 25, 1985, during the first Conference of the Asia Pacific Quality Control Organization held in Beijing. It is a non-profit scientific and technological organization composed of quality organizations from countries in the Asia-Pacific region including China, the United States, the Philippines, Mexico, Australia, New Zealand, Sri Lanka, Fiji, India, Indonesia, Korea, Malaysia, Nepal, Peru, Russia, Saudi Arabia, UAE, Vietnam, and others.

Forty years later, the 31st APQO International Conference will once again return to Bali from October 26 to 29, 2026, along with the award ceremonies for the AIIA, GPEA, AIBP, AIC, and ACE, bring together estimated 1000 quality experts and practitioners.

We look forward to your participation and to sharing insights on quality excellence and innovation with you.
